Clinical Supervisor Code of Ethics

Clinical Supervision is the process of upholding the ethical standards of the profession and ensuring the professional development of those in training. Clinical Supervisors shall be the professional agent assuming the responsibility for overseeing the processes of ethical development and clinical practice.

Clinical Supervisors shall uphold the Professional Code of Ethics for Addiction Professionals in addition to this Clinical Supervisor Code of Ethics. Clinical supervision embraces a potential ethical vulnerability; therefore clinical supervisors shall recognize their influence on the development of human behavior and those under their supervision. They shall be aware of ethical and legal ramifications of the supervision process. Clinical Supervisors shall be responsible for self-evaluation and be accountable to professional review as is consistent within the current scope of addiction services and standards.

The Clinical Supervisor Professional Code of Ethical Conduct is derived from the above ethical principals and is designed to help ensure that Counselor Trainees receive the supervision necessary for professional development. Clinical Supervisors have a responsibility to adhere to the following professional code:

1. That I have a commitment to provide the highest quality of clinical supervision to advance the welfare of the trainees and their clients. I shall respect the rights of those persons seeking supervision and make reasonable efforts to ensure that my services are used appropriately.
2. That I shall maintain professional relationships and not exploit the trust and dependency of Trainees and colleagues. I shall not enter into dual relationships that result in ethical compromise or conflict of interest.
3. That I shall be willing, when it is in the best interest of the Trainee, to release or refer them to another program or supervisor.
4. That I shall protect the unique confidentiality concerns, abide by 42 CFR 2, and state laws, within the parameters of supervision.
5. That I shall respect and guard confidences of trainees and restrict disclosure of information for professional purposes with regard for agency personnel policies and existing laws and regulations.
6. That I shall maintain those records necessary to provide an accurate assessment of the trainees' abilities and training needs and to record that supervision has been provided in accordance with the CBADP policies and procedures, and the administrative rules and laws of South Dakota. I shall limit my supervisory documentation or verification of information to that which was completed under my direct supervision.
7. That I shall alert the appropriate individuals and authorities to conditions that may be disruptive or damaging.
8. That I shall respect the dignity and protect the rights and welfare of participants in research. I shall maintain the federal and state laws and regulations, and professional standards governing the conduct of research.
9. That I shall disclose financial arrangements and any fee structure to trainees and agencies in such a way as to be reasonably understandable and in conformance with accepted professional practices.
10. That I shall accurately represent my professional education, training and qualifications to trainees and agencies to enable an informed selection of professional services.
11. That I shall have a commitment to maintain a professional level of knowledge and competence through ongoing education and training in clinical supervision.

I affirm, understand and will adhere to the preceding professional code of ethics and understand that any violation of the principles will be grounds for disciplinary action and sanctions in accordance with CBADP policies and procedures as outlined in the Standards Manual and the laws of the State of South Dakota. I understand that ethical violations can result in disciplinary actions and sanctions prohibiting any further clinical supervision of Trainees recognized by the CBADP and/or my certification as a Certified Chemical Dependency Counselor or Certified Prevention Specialist.
